

Youth Posse

*Youth Posse, a **comedic-psych-rock** band from New York City, is the forgotten lovechild of Phish and Warren Zevon – abandoned on the side of the road, to be raised by their alt-rock heroes in Ween.*

Since 2013, the 'Posse has amassed a large catalog of songs, recorded three studio albums, and is working on a musical for 2018 - Youth Posse & The Magic Noodles.

*"Youth Posse is the kind of music you feel... down below."
-Sandy Kenyon, Eyewitness News*
